

Vanquish Player Usage Guidelines

November 2012

Please find below guidelines on expectations for usage of Vanquish, divided into the three squads within Performance Centres.

This has been compiled with the help of input from the likes of PC Advisers, Junior Programme Coaches and PC Head Coaches and will guide you through the general guidelines for completion within each squad.

These guidelines are provided in order that coaches and players can gain valuable input through the reports and also to provide enough information to help coaches develop players along their badminton journey;

Squad	Expectation for Usage
Raw	<ul style="list-style-type: none"> • Usage of file store for any badminton related documents • Adding information on PC training sessions • Adding some tournament results • Logging injury/illness
Developing	<ul style="list-style-type: none"> • Adding all on court training session information. • Add tournament results • Adding other schedule items i.e. holidays etc • Logging injury/illness information • Use of messaging as a communication tool with coaches etc • Use of file store for any badminton related documentation
Emerging	<ul style="list-style-type: none"> • Adding information on all training sessions both PC and other training sessions. • Add tournaments results. • Adding other schedule items i.e. holidays, exams etc • Logging of injury/illness information • Use of messaging as a communication tool with coaches etc • Use of file store for any badminton related documentation • Use of reports as a potential conversation/feedback tool for discussions with coaches regarding development areas.
